"King Of The Box"

Visit "[King Of The Box](#)" on MotoLyrics.com

I am king of a little old thing
I like to call my home
It is nice cause i gave it life
And i never feel alone

It's just a place where i can go
That'll never let me down
And when i'm in there i'm never scared
And i never wear a frown

From inside i never hear
The world and what's around me
I've got no rules in my home
And i've got nothin' to see

I live in a box-that's where i'll be
I live in a box-that's what you see
I'm the king of the box and it listens to me

[chorus:]
It's just a place [3x]
Just a place that listens
