Serpent came to Eve from Tiamat  
Immortality was known by man

Oh, how dark we pray  
Oh, how dark we pray  
Oh, how dark we pray  
Oh, how dark we pray

Spirit assassin dressed in black before your shrine  
A woman's coffin sending shivers up my spine  
Nailed are hands upon the cross so intertwined  
A saintly mother sacrificed before your hive

They drink the life  
They eat of flesh

Oh, how dark we pray  
Oh, how dark we pray  
Oh, how dark we pray  
Oh, how dark we pray

The brain washed ghost of thought endless lies have  
come to bind  
Four thousand years of mystery surrounding the signs  
The Children scream aloud when pain and guilt align  
The failing mass of contradiction in their finds

They drink the life  
They eat of flesh

Oh, how dark we pray  
Oh, how dark we pray  
Oh, how dark we pray  
Oh, how dark we pray

Shadows on the day of philstia  
All will have to seek of Visigoth

The Serpent came to Even with a message from Tiamat  
Death and immortality was known to man  
Three had become four and five  
Lilith had taken to conception

and was cursed to unearth where demons  
and man did not dwell together

Oh, how dark we pray  
Oh, how dark we pray  
Oh, how dark we pray  
Oh, how dark we pray

Serpent came to Eve from Tiamat  
Immortality was known by man
