[Troy:]

There is a path not far away  
Where we'll find ourselves at crossroads,  
Troy & Gabriella:  
We can all join hands, and go one way

[Gabriella:]

Or we can chase down our dreams  
As the final song closes.

[Chorus:]

For all these years  
We've stood together,  
Friends forever  
Now we are gunna move on  
The future is our divide,  
But our friendship  
It will never end.  
Let's hold hands one more time,  
Enjoy the night,  
Enjoy the memory  
For it will never end.

[Sharpay:]

In years from now,  
I'll walk down the road,  
See your face

[Sharpay & Ryan:] The memories and laughter

[Ryan:] The happiness will come flooding back,  
For this is what made us strong.

[Chorus:]

For all these years  
We've stood together,  
Friends forever  
Now we are gunna move on  
The future is our divide,  
But our friendship  
It will never end.

Let's hold hands one more time,  
Enjoy the night,  
Enjoy the memory  
For it will never end.

[Chad:]  
We're players one and player's all,  
Fighting against our greatest rival,

[Chad & Taylor:]  
The unknown destiny of our lives,

[Taylor:]  
It doesn't matter how many falls it takes,  
What matters is that we can get up again.

[Chorus:]  
For all these years  
We've stood together,  
Friends forever  
Now we are gunna move on  
The future is our divide,  
But our friendship  
It will never end.  
Let's hold hands one more time,  
Enjoy the night,  
Enjoy the memory  
For it will never end.

[Zeke:]  
Another day down,  
But so many more to come

[Jason:]  
What's been was a warm up for what's to come,

[Martha:]  
We'll party until the sun rises again

[Kelsi:]  
Write the lyrics to the next day's song.

[Tiara:]  
I'll take your footsteps as a direction

[Jimmie:]  
But I know to walk on my own feet

[Donnie:]  
Just wait and see, watch what we'll do.

[Chorus:]  
For all these years  
We've stood together,  
Friends forever  
Now we are gunna move on  
The future is our divide,  
But our friendship  
It will never end.  
Let's hold hands one more time,  
Enjoy the night,  
Enjoy the memory  
For it will never end.

[Troy & Gabriella:]  
The curtain closes one last time,

[Sharpay & Ryan:]  
We'll embrace each other once more

[Chad & Taylor:]  
Then we're ready to say goodbye

[Zeke, Jason, Martha & Kelsi:]  
And we know deep down?

[Sharpay & Ryan:]  
That it will never end.

[Chad & Taylor:]  
That it will never end.

[Zeke, Jason, Martha & Kelsi:]  
That it will never end.

[Troy & Gabriella:]  
That it will never end.

[All:]  
We know now,  
Don't need a second thought,  
It will never end
