I was sent here all alone
To defend my masters throne
To fight evil and to clear my name
In a distant past
I was framed by my friends
And sentenced to a life in hell

So now I am here
I will fight for king and freedom
Join me or fear me
The choice is yours to see

Now I got one last chance to be free
Oh forever in this kingdom
I will clear my past to reveal
Oh the enemys treason

I got one last chance
To have all my dreams
Of peace come to real
Release all my wrath
All my pain I no longer feel

So now I am here
I will fight for king and freedom
Join me or fear me
The choice is yours to see

Now I got one last chance to be free
Oh forever in this kingdom
I will clear my past to reveal
Oh the enemys treason

Always fear me?
You can't hear me?

Always fear me, you can't hear me, don't stay in my
way
Look behind you, I will find you, time to face the truth

So now I am here
I will fight for king and freedom

Join me or fear me
The choice is yours to see

Now I got one last chance to be free
Oh forever in this kingdom
I will clear my past to reveal
Oh the enemys treason.
