You cast a spell on me  
The first time I ever felt your caress  
I turned around to see  
Love at first sight my princess  
I stood there paralyzed  
You appeared like a vision divine to me  
My heart had realized  
I had to make you mine

You, you left a mark  
Too deep in my heart  
How could I forget you  
You disappeared  
I shouldn't have feared  
If our paths would be crossing again  
You're mine 'till the end

All my dreams became true  
Can't believe that I've finally found you  
Without you by my side  
Wouldn't know how to ever get by  
All my life I'll be true  
There's no question my faith is in you  
I'll be there by your side  
'Cos in me you can truly confide

I had everything I could ask  
Except who I really needed  
When I laid my eyes on you  
The path of my future revealed  
Through all our days of sunshine and rain  
I'll be your guide through the joy and pain  
I swear this sacred vow  
A promise to love you forever

You, you hold the key  
You make me see  
You're my hearts desire  
Angel of delight  
Love of my life  
You're the answer to all of my prayers  
This promise I swear

All my dreams became true  
Can't believe that I've finally found you  
Without you by my side  
Wouldn't know how to ever get by  
All my life I'll be true  
There's no question my faith is in you  
I'll be there by your side  
'Cos in me you can truly confide

My dark princess of light  
I'll be your knight  
Proudly I'll stand by your side  
Shining so bright  
Holding you tight  
Close 'till the day when we die  
'Till death us unite

All my dreams became true  
Can't believe that I've finally found you  
Without you by my side  
Wouldn't know how to ever get by  
All my life I'll be true  
There's no question my faith is in you  
I'll be there by your side  
'Cos in me you can truly confide
