"Cop Shades"

Visit "[Cop Shades](#)" on MotoLyrics.com

I got a classic, Magnetic mix tape fantastic,
Turntable, Gymnastic, Circular, Thin Plastic
Spectacular action, The science of friction
Attraction, sink in the kitchen, Addiction
Ridiculous, attention to detail, meticulous
The nucleous, the 2 of us, the nicest and the spookiest
Price isn't lucrative, who could have guessed it
Destined, to polish and demolish the next next
contestant
Consistent, constant, never non-stoppin it
Kissin a model, takin a piss in a bottle
Never missin a battle, permission is granted
Just listen, listen to this, listen to this
Loosen yourself up, toes in one, learn you lesson
Swallow this to burn your stress, and earn your blessin
Make the sign of the cross, fade in the first place
Stereo system, the scenerio is worst case
Back to the birthplace, this is how it's meant to be
The signal was sent to me, as a seperate entity
Identity Cri-sis, born as a Pie-ces
Out on the high seas, Vaugley precisely,
Ugly but loveable, partially invisable
The spitual and physical, the lyrical and mystical
Difficult, isn't it? The point, irrelevant
Clumsy and elegant, the mouse and the elephant

Chorus: Cop shades, falcon versus eagle
Cop shades, weapons and sex toys
Cop shades, falcon versus eagle
Cop shades, weapons and sex toys

Roll with the hunted, the pundits, the self funded
bozo's
In this corner is the 1200 hobo's
Make no bones about it till the ozone drops
It's po' mo' stops and robocops
Oh, so pretty she's, Oh so pretty
Tougher than tough, the beat suffers from obesity
At least have the deceny, to keep your distance
peacefully
I ain't heard nothing that interests me recently
It's been a long time baby, maybe I'm wrong

Rappers lift weights but still can't ryme strong
The line's drawn but I don't know who drew it,
you don't like it I would like to see you do it
Give it a go, Under the lights,
No lookin back, held to the boss,
Fill in the blanks, never look down,
No second chance, nailed to the cross,
Difficult isn't it? The point, it's obvious
Probably the difference between professionals and
hobbyists

Chorus: Cop shades, falcon versus eagle
Cop shades, weapons and sex toys
Cop shades, falcon versus eagle
Cop shades, weapons and sex toys

Kill kill pussycat, faster and more often
Lay down in your coffin, get harder or soften
Sensation more often, I'm lost in Penn Station
I can resist anything except temptation
Trust me, it figures, my fingers are dusty
Friggin with some snakes, diggin for drum brakes
It take one to know one, I am rubber you are glue
Number 2, remember me, I'm workin under cover
For the love of the thunder, I wonder where I should
wander
Slytherin', slaughterin', hitherin' yonder
Water and wind, earth and fire independant,
Why bother? Is it worth defending the first
ammendment?
Sign of the times, choose a blind man to guide the
blind,
We all try to find a good excuse to hide behind
Difficult isn't it? The point? there is none
Forget what you know, cause that's true wisdom

Chorus: Cop shades, falcon versus eagle
Cop shades, weapons and sex toys
Cop shades, falcon versus eagle
Cop shades, waepons and sex toys
