Sepia toned Saturday
Seen a man drown
sleepy town underneath
dog ran down
hooking off school
there's gold in them there hills
Bush weed porn stash
Waist high deep snow
Skull and crossbones
Railroad peep show
Playing baseball
All fucked up on pills
Sean Mussolino
Red fire filled the sky
Some say the next door neighbour once killed a guy
All kinds of music and nothing else to do
Goodbye Satan throwing rock
Accidents happen and no one talks
Then there's the girl I always wished I knew
Punk rock country girl feather light memory heart set
aflake
Long lost heather nights you put me to shame
Punk rock country girl feather light memory we were
the same
Long lost heather nights hallowed be thy name
Too many funerals names on the guest list
Homemade weaponry natives are restless
Pie eating contests yeah those were the days
Drugstore crucifix parking lot kiss of death
Smells like campfire gasoline pissing breath
Women naked she burned me with her gaze
Punk rock country girl feather light memory heart set
aflake
Long lost heather nights you put me to shame
Punk rock country girl feather light memory we were
the same
Long lost heather nights hallowed be thy name
Hangman's lake Hells angels HQ
Roger Stevens I still hate you
Far away coyote sings the blues
The longest train I ever saw
Abandoned building rooster claw

Kids on bikes and bad luck brings the news
I found religion in her bedroom
Parts of me that will be dead soon
The number thirty-three and let her go
Chainsaw violence pretty dresses
Secret wishes shitty messes
And the girl that was impossible to know
Punk rock country girl feather light memory heart set
aflake
Long lost heather nights you put me to shame
Punk rock country girl feather light memory we were
the same
Long lost heather nights hallowed be thy name
