It's just a little creek now but when the rain comes down  
It's gonna be a ragin' river  
I just heard my baby say goodbye  
He left me here holdin' back my tears now he's gone  
forever  
The dam's gonna break and I'm a gonna cry cry cry  
I'm a gonna cry and I don't care who sees  
I wonder if he knows what he's done to me  
I'm gonna love that boy till the day I die  
Till the day I do I'm gonna cry cry cry  
[ guitar ]  
Now he's gone the pain's comin' on I can feel my whole  
body shaking  
Looky here now what's this in my eyes  
All I hear ringing in my ear is the sound of my heart  
breakin'  
Till the day I'm breaking I'm gonna cry cry cry  
I'm a gonna cry and I don't care who sees...  
I'm a gonna cry and I don't care who sees...  
Till the day I do I'm gonna cry cry cry
