"It's History"

You say you can't forget
All those silly things that I did
Well OK, but you know it's so long ago

It's history, it's history
There's no future in a memory
Stop holding on so stubbornly
Just let it go, it's history

I've lost count of the number

Of times I have apologised to you
Yet you say it's not enough
But what more can I do

It's history, it's history
There's no future in a memory
Stop holding on so stubbornly
Just let it go, it's history
