you picked up the phone on seventh ringing  
soon you realize its me by my voice  
i dont have to say a word  
the melody is falling so naturally  
but the moment i lost my words,  
you set my soul at ease  
Just when all hope was gone  
you always chased all the darkness out of view  
without you, its my rainy days  
whenever i hear your voice, automatically  
sun will shine

its automatic  
everytime your close to me  
when you look into my eyes  
i get kinda crazy in my head for you  
its irresistible  
i just can't help  
its automatic  
when your arms wrapped around me  
i feel we're in paradise  
you got me blind  
i close my eyes and soon  
i feel so good  
its automatic

i see the game that your playin' with me  
so this time ill still keep it secret  
that im falling for you this much  
even when your love was pain to me  
you've always been true to me  
without you, i can't even cry, its my rainy days  
see, the ring you gave me reminds me that  
sun will shine

its automatic  
whenever your close to me  
fanning the fire inside of me  
i can't hide it  
i can hardly breathe  
i just can't help

its automatic  
accessing to computer screen  
the letters are twinkling  
and i put my hand on it  
i feel so warm  
its automatic

i dont feel love for you  
just when your close to me  
i just need you  
its not because im lonely  
i just need you

its automatic  
when your arms wrapped around me  
i feel we're in paradise  
you got me blind  
oh oh yeah  
i feel so good  
its automatic

tell me why...da la la la  
i just want you here with me  
tell me why  
its automatic  
oh
