With an indifferent face you tell a lie  
Laughing until you feel sick  
"Let's have nothing but fun" you said

Feeling blue over desiring the impossible  
Everyone is seeking tranquility  
You're struggling, but you've had enough  
Now you're chasing after a shadow of love

Since the day you appeared  
My dull "everyday"s have begun to shine  
Now I'm able to think, "Feeling loneliness, being  
in pain - that's not so bad"  
I'm just a prisoner of love  
Just a prisoner of love

Through painful times and healthy times,  
Stormy days and sunny days, let's walk on together

I'm gonna tell you the truth  
I chose an unforeseeably painful path  
and you came to support me  
You're the only one I can call a friend

Fake displays of strength and avarice have become  
meaningless  
I've been in love with you since that day  
When I'm free, with time to spare, there's no  
life in being alone  
I'm just a prisoner of love  
Just a prisoner of love

Oh... Just a little more  
Don't you give up  
Oh don't ever abandon me  
If the cruelty of reality tries to tear us apart  
We'll be drawn more closely to one another  
Somehow, somehow, I have a feeling we'll be able  
to stand firm  
I'm just a prisoner of love  
Just a prisoner of love

Every day banalities quickly begin to shine brilliantly  
You stole my heart that day  
Loneliness and pain I thought I could deal with  
I'm just a prisoner of love

Stay with me, stay with me  
My baby, say you love me  
Stay with me, stay with me  
Don't leave me alone again
