What's between robot land and the cemetery
Is a realistic replica of the coup where Buckethead
grew up
It's like you've stepped out of Bucketheadland's
fantasy life

Bind [unverified] to his traumatic past
Sometimes you can hear him playing inside or see a
light on at night
Is that really him?

Buckethead's a pyscho
Buckethead's a pyscho
He's a total pyscho

Buckethead's a pyscho
Buckethead's a pyscho
He's a total pyscho

Buckethead's a pyscho
Buckethead's a pyscho
He's a total pyscho

Buckethead's a pyscho
Buckethead's a pyscho
He's a total pyscho

He's got a bucket on his head
