(In the song there is one voice you hear throughout the song here are the lyrics)

Welcome to Bucketheadland

Welcome, welcome, welcome to Bucketheadland
Welcome, welcome, welcome to Bucketheadland

Buckethead was raised in a chicken coop by chickens?
Heh-heh, ha-ha, heh-heh-heh!

I am centipede woman

and Buckethead thinks he'll open this park
successfully?

I've got news for him!

(Also at some points the singer or screamer breaths in
the mike)
