Twisted apple stems  
Plucked flower petals  
Filled wishing wells  
Blew out all the candles  
Wishing we'd come true  
I asked Sydney Omar  
Bazooka Joe  
Hell, I can't go wrong  
Consider the source  
Wishing we'd come true  
Wishing we'd come true  
Please  
C'mon, I said "please"  
Please  
C'mon, I said "please"  
What have I done?  
What didn't I do?  
I'll start, I'll stop,  
I'll do anything, I'd give anything  
For you  
Stare at the red  
Will the light to change green  
And I will count to twenty  
And every fraction in between  
Wishing we'd come true  
Wishing we'd come true
