What's wrong with me?
I get lonely in a crowd,
Everyone is smiling,
But I made myself left out.

I got an imaginary shield around me,
But nobody's ever really getting through.
I keep thinking that they're gonna break me free,
But they never do! (no)

When somebody's knockin,
When somebody wants me,
When somebody's trying to love me completely.
I get scared,
Don't know how it works.
Will somebody save me?
Or will I get burned?
Don't wanna get burned..

Is there thickness in the air?
Or are you heavy on my heart?
Why can't I just fit in?
Why can't I do what everyone else does?

People come around like a storm,
When you least expect them to.
For me I run for cover,
When I should really face the truth.

When somebody's knockin,
When somebody wants me,
When somebody's trying to love me completely.

I get scared,
Don't know how it works.
Will somebody save me?
Or will I get burned?

I don't wanna *[repeat]*

What's wrong with me?
I get lonely in a crowd.

Everyone is smiling,
But I made myself left out.

When somebody's knockin,
When somebody wants me,
When somebody's trying to love me completely.
I get scared,
Don't know how it works.
Will somebody save me?
Or will I get burned?

When somebody's knockin,
When somebody wants me.
When somebody's trying to love me completely.
I get scared,
Don't know how it works.
Will somebody save me?
Or will I get burned?

I get scared, (I get scared)
Don't know how it works. (Don't know how it works)
Will somebody save me? (Will somebody save me?)
Or will I get burned? (Or will I get burned?) *[Repeat till
end]*
