Crash  
that was you and me, started out so innocently  
shattered on the ground, I hear the sound

Crash  
ringing in my ears, I still feel the sting of my tears  
Someone, Wake me I can't seem to break free

Chorus:

Go on get out of my head  
I'm on the wrong side of a paralell universe  
Am I alive or just dead?  
I've been stumbling in the dark, living in a crash world

Hush  
Don't say one more word  
At this point the truth seems absurd  
Cause who we were  
Is gone forever

Crushed  
Underneath the fears  
Everything's so twisted and weird

Someone, Save me I can't seem to break free

Chorus:

Go on get out of my head  
I'm on the wrong side of a paralell universe  
Am I alive or just dead?  
I've been stumbling in the dark, living in a crash world

(Other People:) Crash World, yeah yeah

Slow Motion  
Devestation  
Should've seen it coming  
But I couldn't do nothing  
Emotion  
Desperation

Someone, Save me....I can't seem to break free

Chorus x2:

Go on get out of my head

I'm on the wrong side of a paralell universe

Am I alive or just dead?

I've been stumbling in the dark, living in a crash world

(Other People x2:) Crash World, yeah yeah, crash world
