Angel in disguise, the stories in his eyes
A love for every true heart that it sees
Was it just a lucky day that you turned and looked my
way
Or is it heaven right before my very eyes?

He showed me all new things, the shimmer of
moonbeams
I was blind but now he's helped me see
I was lost but now I'm found, his happiness surrounds
And now I find that my dreams can come true

Ref: 'Cause I'm gonna love you for the rest of my life
I'm holding you safe here in this heart of mine
I can't live without you 'cause my soul would die
You know I'm telling the truth ã?? I'll spend the rest of
my life loving you

It didn't start this way, it happened just one day

You smiled at me and I saw you differently
Now I would tremble just to be a part of you as we
Begin a life that's sure to never end

Ref: 'Cause I'm gonna love you for the rest of my life
I'm holding you safe here in this heart of mine
I can't live without you 'cause my soul would die
You know I'm telling the truth ã?? I'll spend the rest of
my life loving you

The rest of my life baby, loving you.
