I wonder, I wonder
That I'll be trapped

I've been so wrapped up in my warm cocoon
Somethings happenin', things are changin' soon
I'm pushin' the edge, I'm feeling the crack
And once I get out, there's no turning back

Watching the butterfly go towards the sun
I wonder what I will become

Metamorphosis
Whatever this is
Whatever I'm going through
Come on and give me a kiss
Come on, I insist
I'll be somethin' new, a metamorphosis

Things are different now when I walk by
You start to sweat and you don't know why
It gets me nervous but it makes me calm
To see life all around me movin' on

Watching the butterfly go towards the sun
I wonder what I will become

Metamorphosis
Whatever this is
Whatever I'm going through
Come on and give me a kiss
Come on, I insist
I'll be somethin' new, a metamorphosis

Metamorphosis
Whatever this is
Whatever I'm going through
Come on and give me a kiss
Come on, I insist
I'll be somethin' new, a metamorphosis

Everyday is a transformation
Everyday is a new sensation

Observation, modification, an incarnation, celebration
Everyday is a new equation
Everyday is a revelation
Information, anticipation on to another destination

Metamorphosis
Whatever this is
Whatever I'm going through
Come on and give me a kiss
Come on, I insist
I'll be somethin' new, a metamorphosis

Metamorphosis
Whatever this is
Whatever I'm going through
Come on
Come on, I insist
I'll be something new, a metamorphosis
