Can you hear them?
They talk about us
Telling lies
Well, that's no surprise

Can you see them?
See right through them?
They have no shield
No secrets to reveal

It doesn't matter
What they say
In the jealous games
People play, ay, ay, ay

Our lips are sealed

There's a weapon
Which we must use
In our defense
Silence

Spreading rumors
So far from true
Dragged up from the underworld
Just like some precious pearl

It doesn't matter
What they say
In the jealous games
People play, ay, ay, ay

Our lips are sealed

Pay no mind to
What they say
It doesn't matter
Anyway, hey hey hey

Our lips are sealed

Hush, my darling

Don't you cry
Cryin', angel
Forget their lies

Can you hear them?
They talk about us
Telling lies
Well, that's no surprise

Can you see them?
See right through them?
They have no shield
No secrets to reveal

It doesn't matter
What they say
In the jealous games
People play, ay, ay, ay

Our lips are sealed

Pay no mind
To what they say
It doesn't matter
Anyway, ay, ay, ay

Our lips are sealed
Our lips are sealed
Our lips are sealed
