Everybody wants somethin'
That seems too hard to get
So I sit here on a street in Venice
Waiting for the sun to set
Watching people live their lives
Wondering what it means
Sometimes getting what you want
Is easier that it seems

I don't want to save the day
I just want to get my way

And rock this world
Read my lips and watch 'em curl
Rock this world
It don't take much to please this girl
I don't need the glitter
Don't believe the hype
You might say I'm the simple type
Like any other girl
Who wants to rock this world

Everybody's gone somewhere
So why not you and I?
We're all part of the same parade
Just people passin' by
And anything can happen
When the sun goes down like this
Maybe it's just a miracle
When you find some happiness

I don't want to save the day
I just want to get my way

And rock this world
Read my lips and watch 'em curl
Rock this world
It don't take much to please this girl
I don't need the glitter
Don't believe the hype
You might say I'm the simple type
Like any other girl

Who wants to rock this world

Hey, world can you hear me?
I want you to come near me
Can you feel the pull?
It can be so beautiful

And rock this world
Read my lips and watch 'em curl
Rock this world
It don't take much to please this girl
I don't need the glitter
Don't believe the hype
You might say I'm the simple type
Like any other girl
Who wants to rock this world

Rock this world
Rock this world
Rock this world
