Rows of angels in the snow
Hugs and kisses by the mistletoe
Sugarplum fairies everywhere
Must be that time of year
(Same old, same old)

Stars that shine on Christmas trees
Smoke that curls from chimneys
Rednose reindeer taking flight
And choir singing Oh Holy night
(Holy night)

Its the same old, same old Christmas eve
Its the same old Christmas day
Its the same old, same old Christmas
But I like it, I like it that way

Another snowman with a button nose
(Button nose)
Presents all wrapped up in bows
(Up in bows)
Friends and neighbors knockin' at my door
Like every Christmas that's come before

Its the same old, same old Christmas eve
Its the same old Christmas day
Its the same old, same old Christmas
But I like it, I like it that way

Seasons keep on changin'
(Changin')
The snow will melt away
But everything will be the same again
Next year on Christmas day
And I like it, I like it that way

Rows of angels in the snow
(Same old, same old)
Hugs and kisses by the mistletoe
Friends and neighbors knockin' at my door
Like every Christmas that's come before

Its the same old, same old Christmas eve
Its the same old Christmas day
Its the same old, same old Christmas
But I like it, I like it that way

Its the same old, same old Christmas eve
Its the same old Christmas day
Its the same old, same old Christmas
But I like it, I like it that way

Its the same old, same old Christmas eve
Its the same old Christmas day
Its the same old, same old Christmas
But I like it, I like it that way
