sweet sixteen

Today im gonna ride away , and feel the sun throw all  
my hair  
finally feed to be who i wanna be who that is i dont  
really care coz  
I have got friends who love me,blue sky all above me  
my blonde  
hair is every where

CHORUS

(sweet sixteen)  
gonna spread my wings  
(sweet sixteen)  
its my chance to shine  
(sweet sixteen)  
discovering  
(sweet sixteen)  
so much more in life  
(sweet sixteen)

driving down to the club that we go to dance  
radios passed in and the shop is down  
fair enough nothing in my way but the traffic in L.A  
coz I've got friends who love me,bright stars shine  
above me  
my blonde hair is everywere.....

CHORUS

(sweet sixtteen)  
gonna spread my wings  
(sweet sixteen)  
its my chance to shine  
(sweet sixteen)  
discovering  
(sweet sixteen)  
so much more in life  
(sweet sixteen)

My mom loves me and a sister who shows me and

daddy's always there  
yayyaaaaaaah!!

#### CHORUS

(sweet sixteen)  
gonna spread my wigs  
(sweet sixteen)  
its my chance to shine  
(sweet sixteen)  
discovering  
(sweet sixteen)  
so much more in life  
(sweet sixteen)

I wanna know how it feels like i need to see from the  
inside  
I can taste a bit of how much i will find in life  
(once more)
