On my way again
Far away from you
Always heading in the wrong direction
But then again what's new?

Bright in my mind
In my soul
When will this love unfold?

And all I can say is
I'll be here waiting
Even when you're gone
I can't even tell you
But I'm guessing
You probably don't even like this song

It's strange with you and I
We can't quite get it right, Oh
And I'll never understand why
But I won't put up this fight

Roaming mind
Weary soul
I'm afraid there's nothing here to unfold

And all I can say is
I'll be here waiting
Even when you're gone
I can't even tell you
But I'm guessing
You probably don't even like this song
Oh Oh Oh Oh

And all I can say is
I'll be here waiting
Even when you're gone
I can't even tell you
But I'm guessing
You probably don't even like this song

And all I can say is

I'm still here waiting
Even though you're gone
I won't ever tell you
But I'm knowing
You can't stand this song

It hurts me too
It hurts me too
