Breathless standing here, Hoping you'd dry my tear,
wishing you'd come home, so I don't have to walk this
road alone, so I don't have to walk it on my own,

Song you wrote for me, with melody and harmony,
words described are sweet, but I can't stand to be here
when you sing cause all the pain and tears it will bring,

(chorus)

Don't cry for me , don't shed a tear, don't let me see,
who is really here, hold my hand tight so I'll be safe,
then you disappear away from here, and I'm on my
way, on my way, on my way, on my way,

heart and soul collide, finding the life inside, digging
way down deep, to try and find the secrets that we'd
kept, our love that lost its course from you to me,

I believed in you, you held and I played it through, you
reeled me in by the line, you sang the song to
hypnotize my mind, believed your arms were coming
out to mine,

(chorus x2)

Don't cry for me , don't shed a tear, don't let me see,
who is really here, hold my hand tight so I'll be safe,
then you disappear away from here, and I'm on my
way,

though you used my heart, though you tore me apart,
I'll never forget you at all, though it was fake you'd
catch me when I'd fall, and when you'd sing I'd never
resist the call,

(chorus)

Don't cry for me , don't shed a tear, don't let me see,
who is really here, hold my hand tight so I'll be safe,
then you disappear away from here, and I'm on my
way, on my way, on my way, on my way,

Don't cry for me, don't cry for me, don't cry for me, don't
cry for me,

(chorus)

Don't cry for me, don't shed a tear, don't let me see,
who is really here, hold my hand tight so I'll be safe,
then you dissappear away from here, and I'm on my
way, on my way, on my way, on my way,on my way, on
my way,
