Can you hear them?
They talk about us
Telling Lies
Well, that's no surprise
Can you see them?
See right through them?
They have no shield
No secrets to reveal

It doesn't matter what they say
In the jealous games people play...ay...ay...ay

Our lips are sealed

There's a weapon
Which we must use
In our defense:
Silence
Spreading rumors
So far from true
Dragged up from the underworld,
Just like some precious pearl
It doesn't matter what they say
In the jealous games people play...ay...ay...ay

Our lips are sealed
Pay no mind to what they say
It doesn't matter anyway, ay...ay...ay
Our lips are sealed

Hush, my darling
Don't you cry
Quiet, angel
Forget their lies

Can you hear them?
They talk about us
Telling lies
Well, that's no surprise
Can you see them?
See right through them
They have no shield

No secrets to reveal

It doesn't matter what they say
In the jealous games people play...ay...ay...ay

Our lips are sealed

Pay no mind to what they say
It doesn't matter anyway...ay...ay...ay

Our lips are sealed
Our lips are sealed
Our lips are sealed
