Everyone knows that I'm ten feet under  
'Til you come along and brighten my day  
Everyone knows that you kill the thunder  
The roaring in my brain  
Is given me the strength  
To see right through the haze

Shine  
Come on and let it shine  
Light me up  
Make me feel alive  
You've got what it takes  
(shine on me today) shine  
And only you know how to lift my spirit off the ground  
And chase those clouds away  
Shine on me today

When everything's wrong  
I just pick the phone up  
The sound of your voice  
Well it fills my eyes  
With tears of joy  
Cause I know you'll be there  
When I'm hanging by a thread  
You're my heaven sent

Shine  
Come on and let it shine  
Light me up  
Make me feel alive  
You've got what it takes  
(shine for me today) shine  
And only you know how to lift my spirit off the ground  
And chase those clouds away

Oh you have this way of making me feel like I can fly  
You're underneath my wings  
So I will free fall out of the sky  
You're always there to save me  
You know you'll save me

Shine

Come on and let it shine  
Come on let it shine  
Light me up, make me feel alive  
You've got what it takes  
You've got what it takes  
(shine for me today) Shine  
And only you know how to lift my spirit off the ground  
And chase those clouds away  
Come on and shine  
Shine  
Shine on me  
Shine on me today  
Yea  
Shine on me today

Everyone knows that I'm ten feet under  
Till you come along and brighten my world
