Never gonna be in movies  
Except in a front row seat  
Never gonna be  
The raving beauty  
My momma thought I'd be  
Never gonna write that novel  
Never be a homecoming queen  
Never gonna be a supermodel  
On the cover of a magazine

But all those things  
Don't matter in the  
Light of things to come  
'Cause baby  
You are my moon  
And I am your sun, oh

You make me feel  
Like a star  
Oh, baby  
You say stay  
Baby stay  
Just the way you are  
And tell me girl  
You're fine  
And you will shine  
Forever in my heart  
That's why you  
Yeah you  
You make me feel  
Like a star

Maybe I'm ain't  
The girl next door  
Who waves  
At you and smiles  
Maybe I'm not  
A party girl  
But don't  
I drive you wild  
Baby  
The way you see me

Is the way  
That it should be  
Feelin' like  
I'm something special  
Seven days a week

And the only thing  
That matters  
When the day is done  
Is that you are my moon  
And I am your sun, oh  
You make me feel  
Like a star  
Oh, baby  
You say stay  
Baby stay  
Just the way you are  
And tell me girl  
You're fine  
And you will shine  
Forever in my heart  
That's why you  
Yeah, you  
You make me feel like  
Everyday's my birthday  
Every night's a dream  
Oh  
And when you kiss me  
I melt just  
Like ice cream

Never gonna be  
A Charlie's Angel  
Never gonna be  
A saint  
But you love me  
For all I am  
And everything  
I ain't

You make me feel  
Like a star  
Oh, baby  
You say stay  
Baby stay  
Just the way you are  
And tell me girl  
You're fine  
And you will shine  
Forever in my heart  
That's why you

Yeah, you  
You make me feel  
Like a star
