I'm so amazed at how You take my life
And love me more, more than I deserve
I'm blown away by Your power to change this life
Once more, I'm planted in You

Who would know, that I was once
On a road so far away from You
All I know is that I live my life
To show the world Your amazing love
Your amazing love

Your love is so pure Your love so divine
Your love transforms my soul my mind
Your love has the power to bring new hope
Amazing love
Amazing love

I'm so amazed at the wonder of all creation
I will live to honour You my Lord
You are the gold, treasure of all life
I will rest in You in praise eternally

Who would know that I was once
On a road so far away from You
All I know is that I live my life
To show the world Your amazing love
Your amazing

Your love is so pure Your love so divine
Your love transforms my soul my mind
Your love has the power to bring new hope
Amazing love
Amazing love
(Repeat chorus)

I'm so amazed...
