In the secret, in the quiet place
In the stillness you are there
In the secret, in the quiet hour
I wait only for you
Cause I want to know you more

I want to know you
I want to hear your voice
I want to know you more

I want to touch you
I want to see your face
I want to know you more

I am reaching for the highest goal
That I might receive the prize
Pressing onward, pushing every hindrance aside
Out of my way
Cause I want to know you more

I want to know you
I want to hear your voice
I want to know you more
I want to touch you
I want to see your face
I want to know you more

I want to know you
I want to hear your voice
I want to know you more
I want to touch you
I want to see your face
I want to know you more

I want to know you
I want to hear your voice
I want to know you more
I want to touch you
I want to see your face
I want to know you more

I want to know you
I want to hear your voice
I want to know you more
I want to touch you
I want to see your face
I want to know you more
