I'm so amazed at how You take my life  
And love me more, more than I deserve  
I'm blown away by Your power to change this life  
Once more, I'm planted in You

Who would know that I was once  
On a road so far away from You  
All I know is that I live my life  
To show the world Your amazing love  
Your amazing love

Your love is pure, Your love so divine  
Your love transforms my soul, my mind  
Your love has the power to bring new hope  
Amazing love, amazing love

I'm so amazed at the wonder of all creation  
I will live to honor You my Lord  
You are the gold, treasure of all life  
I will rest in You in praise eternally

Who would know that I was once  
On a road so far away from You  
All I know is that I live my life  
To show the world Your amazing love  
You're amazing

Your love is so pure, Your love so divine  
Your love transforms my soul my mind  
Your love has the power to bring new hope  
Amazing love, amazing love

Your love is pure, Your love so divine  
Your love transforms my soul, my mind  
Your love has the power to bring new hope  
Amazing love, amazing love

I'm so amazed
