I come to You, my God
The joy of my salvation
In You I put my trust
And though I walk through valleys low
I will fear no evil

Your love endures forever, reaches to the heavens
And though my flesh may fail me
You're the strength of my heart, You will always be
I know Your loving kindness, the power of forgiveness
All that I hold dear is Yours, my Jesus, it's You I long for

I love Your Name, oh Lord
I'll sing Your praises eternally
My life is in Your hands
And when darkness tries to cover me
I will ever give You praise
I will ever glorify

Your love endures forever, reaches to the heavens
And though my flesh may fail me
You're the strength of my heart, You will always be
I know Your loving kindness, the power of forgiveness
All that I hold dear is Yours, my Jesus, it's You I long for

More than anything
And though I walk through valleys low
I will fear no evil

Your love endures forever, reaches to the heavens
And though my flesh may fail me
You're the strength of my heart, You will always be
I know Your loving kindness, the power of forgiveness
All that I hold dear is Yours, my Jesus, it's You I long for

Oh it's You
