How blessed are those who dwell in Your house
Who's lives become roads that You travel
They wind through the valley's to the light of the sun

One day in this beautiful place to worship
Your house is our home
Where our faces will shine in the light of the son

Our God reigns
Our God reigns
Our God reigns above all

Our God reigns
Our God reigns
Our God reigns above all

Our God reigns
Our God reigns
Our God reigns above all

Our God reigns
(How blessed are those who dwell in Your house)
Our God reigns
(Who's lives become roads that You travel)

Our God reigns
(They wind through the valley's)
Above all
(To the light of the sun)

Our God reigns, our God reigns
(One day in this beautiful place, to worship)
Our God reigns
(Your house is our home, where our faces)
Above all
(Will shine in the light of the sun)
