God of eternity You reign
With justice and mercy truth and grace
Gift of salvation to the lost
And by Your word You'll build Your church
And Your Kingdom will know no end

Let Your voice be heard in all of the earth
Let this generation rise to be
Your glorious church, Hope to the nations
Let this generation rise now

For a such a time as this we've come
To carry the cause of Christ freedom
Lord raise us up to be Your light
The answer of hope to all of the world
And Your Kingdom will know no end

Now is the time right now
Your church will arise now
