There is a love that I know
Strength for the weak and the broken heart
My Shepherd and King I find You within me for You are
here

You carried the cross for the world
You gathered the lost and the fatherless
My Shepherd and King I find You within me for You are
here
My Lord forever, You are here

In this place You are here
By Your mercy I draw near
In my heart take Your place
You are here

Your word is the light of the earth
Your glory resounds in the universe
My Shepherd and King I find You within me for You are
here
My Lord forever, You are here

In this place You are here
By Your mercy I draw near
In my heart take Your place
You are here

In this place You are here
By Your mercy I draw near
In my heart take Your place
You are here, You are here
You are here, You are here

Same power that conquered the grave
Lives in me, lives in me
Your love that rescued the earth
Lives in me, lives in me

Same power that conquered the grave
Lives in me, lives in me
Your love that rescued the earth
Lives in me, lives in me

You are here, You are here

There is a love that I know
Strength for the weak and the broken heart
My Shepherd and King I find You within me for You are
here
