I confess my hope in the light of your salvation  
Where I lose myself I will find you're all need

Sing my soul of the savour's love...  
Sing my soul unto god alone...  
Sing my soul of the savour's love...  
Sing my soul unto god alone...

I will meet you here in the life I call surrender  
Let the world I know be the glory of your grace

Sing my soul of the savour's love...  
Sing my soul unto god alone...  
Sing my soul of the savour's love...  
Sing my soul unto god alone...

You alone are god...  
You alone are god...  
We declare the glory of your name...

Reign in all the earth, reign in all the earth, jesus!
