"I Draw Near To You"

I draw near to You
You draw near to me
You're calling me on
To a higher place
As children run
To their Father's voice
You give me open ears
To hear You call

That I may live
By Your word
To be all I'm called to be
I call on Your name
I need You my God

That I may live
By Your word
Wholly devoted to You
I call on Your name
I need You my God

I draw near to You
You draw near to me
Let me hear You speak
To me Lord
