

Hillsong United "I Will Go"

Visit "[I Will Go](#)" on MotoLyrics.com

I have found myself in You, the purpose for my life
I discover who I am, as Your spirit touches mine
Every step I take, every move I make
You are by my side
And I will be strong, my strength is in you

I will go where You want me to go
I will do what You want me to do
Yes I will go where You want me to go
I will be who You want me to be

Anything for You
When You ask me I will go
You show the way before me
In Your word I find the truth
You lead me on this journey

Those who trust in you, ever praising You
Will find their strength renewd
I'm gonna make itm, make it happen
