One generation living salvation  
Here we go  
Seeing revival we will defy all  
That holds us back from You

So we will rise together  
And with one voice to say

Jesus is our Savior  
There will be no other  
We will shout it out  
We want the world to know

One generation living salvation  
Living for You  
Seeing revival we will defy all  
That holds us back from You

Jesus is our Savior  
There will be no other  
We will shout it out  
We want the world to know

Jesus is our Savior  
There will be no other  
We will shout it out  
We want the world to know

So we will rise together  
And with one voice to say  
This is the generation  
We live devoted to Your name  
This is the revolution  
We will not leave this world the same

'Cause we want the world to know  
We want the world to know  
We live our lives for You  
In all we say and do  
We want the world to know  
We want the world to know

'Cause we want the world to know  
We want the world to know  
We live our lives for You  
In all we say and do  
We want the world to know  
We want the world to know

Jesus is our Savior  
There will be no other  
We will shout it out  
We want the world to know

Jesus is our Savior  
There will be no other  
We will shout it out  
We want the world to know
