You reached out and rescued me
Answer to my dreams
And love hung on a cross so we could meet
Calmed my restlessness
Words fail to express
There's nowhere I would rather be than with You
The whole earth falls to it's knees
At the sound of Your beautiful name
And all the voices in the world unify today
To bring You this song of praise
I call on You my King
You open Your arms to me
And embrace me like a father to a child
The whole earth falls to it's knees
At the sound of Your beautiful name
And all the voices in the world unify today
To bring You this song of praise
The whole earth falls to it's knees
At the sound of Your beautiful name
And all the voices in the world unify today
To bring You this song of praise
(3x)
And all the voices in the world unify today
To bring You this song of praise
