(Words and music Geoff Bullock)

Whenever I see Your face  
Then all of my fears will fly  
Whenever I clearly hear  
The times when I ask you why  
Whenever I feel Your arms  
Whenever You hold me close  
For then I will see Your face  
As I am found in You  
Now the heavens can be home  
For my spirit has been freed  
And my soul it rests in You  
Your life is found in me

And this death ,it ends in life  
With this faith ,in love fulfilled  
And my eyes will finally see Your face  
Lead me to know You more  
And help me to understand  
You cause me to see in faith  
All of Your dreams and plans  
For faith is perfected now  
In living and loving You  
In hope never wavering  
Completely found in You
