The kiss sweetest  
And touch so warm  
One smile kind  
In this world so cold and strong

We're so close to the flame  
Burning brightly  
It won't fade away  
Leave us lonely

The arms safest  
And words so good  
The faith deepest, yeah  
In this world so cold and cruel

We're so close to the flame  
Burning brightly  
It won't fade away  
Leave us lonely

So close to the flame  
Burning brightly  
Won't fade away  
Leave us lonely

Close to the flame  
Burning brightly  
Won't fade away  
Leave us lonely
