Cold under the starry night
Breathing in everything but air
See as the fiery lights
Dies in your eyes
Oh you're leaving

Love screaming
I will be the end of you
And I'm pleading
Don't you stop now
Don't want to tear me apart
Show me all that you've got
And I will be so free

Hear the cries of the stormy skies
Letting go of all that she has held in
Waiting for that shadow to smile
And realize you're not winning me

Love screaming
I will be the end of you
And I'm pleading
Don't you stop now
Don't want to tear me apart
Show me all that you've got
We will be so free

Love screaming
I will be the end of you
And I'm pleading
Don't you stop now
Don't want to tear me apart
Show me all that you've got
We will be so free
Free from all that has been

So free from all that we've seen
So free
