Serpentine love's thighs wrap around me  
In search for death  
Drenched in blood, the adored and beloved  
Will give in to

Love in cold blood  
Breathe me in sweet suffering  
Love in cold blood

Love's feline eyes in darkness  
Shine on her web  
Demonised with divine insight  
We draw our last breath

Love in cold blood  
Breathe me in sweet suffering  
Love in cold blood  
Put me out of my misery

Love in cold blood  
Breathe me in sweet suffering  
Love in cold blood

Darling take me home  
To the castle made of skulls and bones  
Sing me a song to remind me where I belong  
In your arms, my love in cold blood

Love in cold blood  
Breathe me in sweet suffering  
Love in cold blood  
Put me out of my misery

Love in cold blood  
Breathe me in sweet suffering  
Love in cold blood

Darling, take me home  
To the castle made of skulls and bones  
Sing me a song to remind me where I belong  
In your arms, my love in cold blood
