There's a flame that leads our souls astray  
No one's safe from its tender touch of pain  
And every day it's looking for new slaves  
To celebrate the beauty of the grave

We are like the living dead  
Sacrificing all we have  
For a frozen heart and a soul on fire  
We are like the living dead  
Craving for deliverance  
With a frozen heart and a soul on fire

And again we're falling for disgrace  
And hate will shelter us from the rain  
We are enslaved by the sacred heart of shame  
And gently raped by the light of day

We are like the living dead

Sacrificing all we have  
For a frozen heart and a soul on fire  
We are like the living dead  
Craving for deliverance  
With a frozen heart and a soul on fire

Addicted to our divine despair  
The venom of the cross we bear  
The guilt will follow us to death

We are like the living dead  
Sacrificing all we have  
For a frozen heart and a soul on fire  
We are like the living dead  
Craving for deliverance  
With a frozen heart and a soul on fire

With a soul on  
Soul on  
Soul on  
Fire

Soul on fire
