by your heartstrings i am hanging from a dream  
gently swinging in the warm autumn breeze  
come look at the scars  
smother a heart  
opening up  
look at the stars  
smother a heart  
opening up  
no more

tiptoed along a strand of your hair suspended between  
these thoughts and actions miles above reality  
come look at the scars  
smother a heart opening up  
look at the scars  
smother a heart opening up

come look at the scars  
smother a heart opening up  
look at the scars

smother a heart opening up  
look at the scars  
smother a heart opening up  
look at the scars  
smother a heart opening up  
opening up  
opening up  
opening up  
look at the scars  
you open me up  
open me up  
smother a heart  
opening up  
opening up  
look at the scars  
you open me up  
opening up  
opening up  
look at the scars  
smother a heart opening up  
look at the scars

smother a heart opening up  
look at the scars  
smother a heart opening up
