There is no turning back from this unending path of mine

Serpentine and black, it stands before my eyes  
To Hell and back, it will lead me once more  
It's all I have as I stumble in and out of grace

I walk through the gardens of dying light  
And cross all the rivers, deep and dark as the night  
Searchin' for a reason why time would've passed us by

With every step I take, the less I know myself  
And every vow I break on my way towards your heart  
Countless times, I've prayed for forgiveness  
But Gods just laughed on my face and this path remains  
Leading me into solitudes arms

I see through the darkness my way back home  
The journey seems endless but I'll carry on  
The shadows will rise and they will fall

And our night drowns in dawn

Amidst all the tears there's a smile  
That all angels greet with an envious song  
One look into strangers eyes  
And I know where I belong

I walk through the gardens of dying light  
And cross all the rivers deep and dark as the night  
Searchin' for a reason why time would've passed us by

And now, I see through the darkness my way back home  
The journey seems endless but I'll carry on  
An' the shadows will rise and they will fall

Our night drowns in dawn, yeah  
The shadows they rise and they fall  
Oh yeah, and our night drowns in dawn
