Come feed the beast within
My teeth cut through this grin
That the razors that can shred your heart apart
Feel my dark sound begin to wash away the sin
That made these bloodshot eyes start to spark

You tore the skin of day till light went dark

Now I've seen the side of my soul
Now I've found what I was searching for
Now I'll take you for a ride all the way to the world
Behind these rotting
Holes (?)

Let night pour through your veins
As my voice leaves these stains
Like the tears that never got to drop
Let me devour your pain
Till hurts to touch like crane(?)
And the words become a roof to shelter us

My words become a roof to shelter us

Now I've seen the side of my soul
Now I've found what I was searching for
Now I'll take you for a ride all the way to the world
Behind these rotting
Holes (?)

I, I instill in me
This world's pressuring
I, I, I can breathe
All the insanity
I, I instill in me
This world's pressuring
I, I, I can breathe
All the insanity

Ooh, cruelty is our song
Ooh, sins are sins to wash off

Guitar Solo

Now I've seen the side of my soul
Now I've found what I was searching for
Now I'll take you for a ride all the way to the world
Behind these rotting
Holes (?)

I, I instill in me
This world's pressuring
I, I, I can breathe
All the insanity
I, I instill in me
This world's pressuring
I, I, I can breathe
All the insanity
