I kissed the void
and crawled straight into its heart
This chorale I adore
I prayed to hear again
that serpent song
Wishing it be over

When love starts to die
It begins with a kiss
Violently soothing and warm
When love starts to die
When love starts to die
So do I (So do I)
So do I
That's right

My foot firmly
In heart and stone
Stood waiting for your call

When love starts to die
It begins with a kiss
Violently soothing and warm
When love starts to die
When love starts to die
So do I (So do I)

Ooh
Love's gentle touch
like angel wings spread

When love starts to die
It begins with a kiss
Violently soothing and warm
When love starts to die
When love starts to die

So do I

So I die

When love starts to die

When love starts to die

So do I
