Translation is a loss when the casualties are patterned  
With the skilling treatment in manics so far removed.  
Co-occurring symptom is the echo of agony.  
Abuse of the flesh to trigger disgust.

Reinventing the noose, whip of loyal lies.  
live it one at a time.  
live it one at a time.  
loathe it all of the time.

Idle asylum ache splinters grace.  
Escape bleeds out recovery.  
A seep in supply replaced wholeheartedly in a missing  
link of loss.  
Complexity is hanging high to stimulate withdrawal.  
Society's transparency will pick at collective thaw.  
Everything (Everything) is a disappointment. (is a  
disappointment.) in theory with sympathy as therapy.  
Feel formal feel forsaken.

live it one at a time.  
live it one at a time.

Forecasting must secure in the cult of industry.  
When extreme compulsions crowned to revise a score.  
Devoid of emotion with a hex on the wish.  
Hardships will always benefit on choking from the role.

Reinventing the noose, whip of loyal lies.  
Everything (Everything) is a disappointment. (is a  
disappointment.)  
Everything (Everything) is a disappointment. (is a  
disappointment.)  
Everything is a disappointment.  
Everything,  
Everything,  
Everything is a disappointment.
