"How Long"

Visit "[How Long](#)" on MotoLyrics.com

Why'd you go and break what's already broken
I try to take a breath but I'm already choking
How long till this goes away
I try to remember to forget you
But I break down every time I do
It's left me less than zero
Beat down and bruised
I can't see him with you
Why'd you go and break what's already broken
I try to take a breath but I'm already choking
Cause everywhere I look I can see how you hold him
How long till this goes away

I can't seem to get my heart over you
Cause you creep into everything I do
And now I'm dying to know
How he touches you
I can't see him with you
Why'd you go and break what's already broken
I try to take a breath but I'm already choking
Cause everywhere I look I can see how you hold him
How long till this goes away
How long till this goes away
She said she wants to be friends
I took a big step back
She said
She said
She said she's sorry
With one finger
I said fuck that

I can tell you're lying when your lips move
Cause of one lie it's not me it's you
It's left me less than zero
Beat down and bruised
I can't see him with you
Why'd you go and break what's already broken
I try to take a breath but I'm already choking
Cause everywhere I look I can see how you hold him
How long till this goes away
Why'd you go and break what's already broken

I try to take a breath but I'm already choking
Cause everywhere I look I can see how you hold him
How long till this goes away
How long till this goes away

She said she wants to be friends
I took a big step back
She said
She said
She said she's sorry
With one finger
With one finger
I said fuck that
